

1. HUTZPER INC.

Superb but Affordable Japan Quality AI !!!

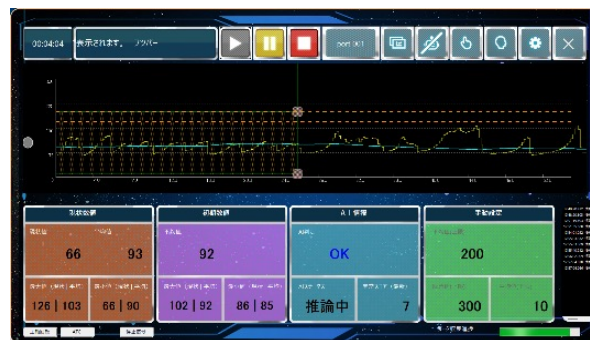

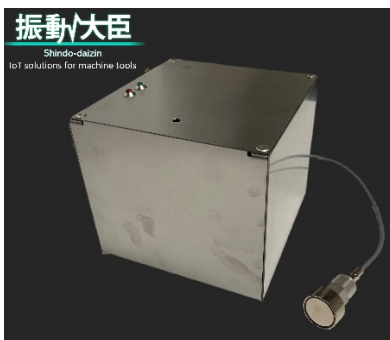

1. Line of Business / Production Items

1. “MEKIKI”: AI-based Visual Inspection Solution for Manufacturing Industry

installation image of “MEKIKI”

2. “DAIZIN”: IoT solutions for machine tools

Main Products:

Development and sales of

- (1) MEKIKI/ AI-based visual inspection solution for manufacturing industry
- (2) DAIZIN/ anomaly detection IoT solutions for machine tools

Main Technology:

We provide high-precision AI, which would normally be expensive, to manufacturers at a low price using our own highly efficient AI algorithm.

(1) “MEKIKI” appearance inspection AI service for the manufacturing industry

By simply installing cameras, lighting, and dedicated devices in the inspection process, AI replaces human visual inspection work.

We support the automation of your company’s inspection process by enabling the detection of appearance defects, such as product scratches, foreign matter contamination, and shape defects.

(2) “DAIZIN” anomaly detection IoT solution for machine tools

As abnormalities can be detected simply by attaching a vibration sensor to an existing machine tool (regardless of year/manufacturer), it optimizes your cutting process.

In addition, by saving vibration data and processing conditions, it is possible to reproduce the techniques of skilled workers.

It is a practical IoT that can be used in the field, visualizing “craftsman’s intuition” through vibration.

Main Customer (industry):

Manufacturing industry in general, especially

- (1) food manufacturing, metal manufacturing, and textiles, and
- (2) metal processing

2. We are looking for...

BUYER

Manufacturers interested in introducing “MEKIKI” and “DAIZIN”

(Industries)

Manufacturing industry in general (Japanese/Local)

SALES REP

Trading companies and distributors that have connections with manufacturers interested in introducing “MEKIKI” and “DAIZIN” and developing sales channels in Thailand

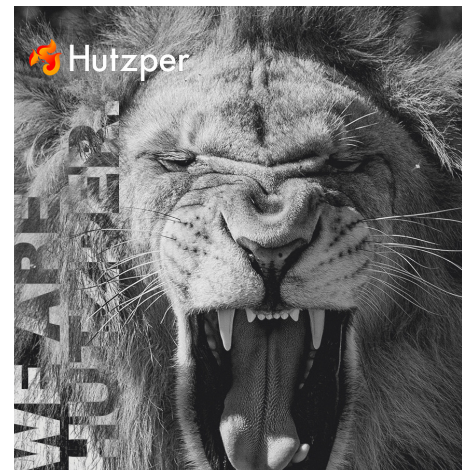

(Industries)

Trading company/Distributor (Japanese/Local)

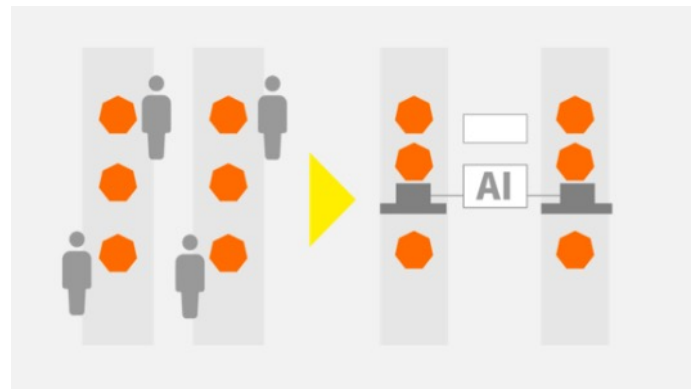

3. Company Profile & Contact Information
