Organization Profile

# Introduction to OBDA

Osaka has long flourished as a city of commerce and is home to a concentration of businesses that utilize their unique technologies and ideas to boost global innovation. As economic globalization progresses and the speed of technological innovation accelerates, the development of Osaka's economy cannot be achieved without the growth of small and medium-sized enterprises (SMEs), as these form the foundation of the local economy and account for 99% of the companies in the prefecture. OBDA offers a variety of support programs for SMEs and entrepreneurs.
